CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AND FOR THE RELIEF OF PATIENTS IN ADVANCED STAGES OF CONSUMPTION.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefits conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures numerous and too remarkable to be forgotten.

While it is a fraud upon the public to pretend that any one medicine will infallibly cure—still it is abundant proof that the Cherry Pectoral does not only a general thing, but almost invariably, cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the reliance of the afflicted, from the log cabin of the American peasant, to the palaces of European Kings. Throughout this entire country, in every State, city and indeed almost every hamlet it contains, *Cherry Pectoral* is known as the best remedy extant, for diseases of the Throat and Lungs—and in many foreign countries, it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, *Cherry Pectoral* is introduced, and its constant use in the Armies Hospitals Alms Houses, Public Institutions, and in domestic practice, as the surest remedy those attending Physicians can employ for the more dangerous affections of lungs. Also in milder cases, and for children it is safe, pleasant and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly needful to childhood.

The *Cherry Pectoral* is manufacted by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavoured here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be, and trust by great care in preparing it with chemical accuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.

PREPARED AND SOLD BY J. C. AYER, DRUGGIST and CHEMIST, LOWELL, MASS.

American and Foreign Office

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, WASHINGTON.

No. 22 State Street, - - Boston.

IN 1846 the undersigned was appointed by the Commissioner of Patents Attorney for the U. S. Patent Office in connection with the then Act of 30.

Having resigned the Attorneyship with the intention of visiting England and the Continent, the mode of securing to the inventor the benefit of his Patent by a Patent Agency, has induced him to continue to transact Patent business, and to prepare Cases, Specifications and Applications for all the necessary Papers and Drawings for Patents, and to procure the same. Patents for Patents, and to attend to all matters respecting them in the Patent Office, Europe and other places.

By application at this office inventors may learn the time and expense necessary to procure a Patent, and be advised whether it will be prudent for them to obtain their patents. Persons who have made inventions may learn whether they are patentable, and the advantage of taking out a patent. Persons residing at a distance may procure all necessary information by writing to the undersigned, and remitting a model or drawing and description of the invention. All persons who have made inventions should not fail to secure their rights before they are published or put into use, as in that case a patent cannot be obtained.

The undersigned has been engaged in the business of procuring Patents for inventions for the last fifteen years, and has had the best facilities for obtaining information relative to the novelty of inventions, as the Patent Laws, and principles of Patent decisions, as well as the state of the arts, as connected with inventions. From an experience of fifteen years, he has been able to render valuable assistance to inventors in the selection of their inventions, and in the preparation of their specifications and papers, and has been successful in procuring Patents for a large majority of the cases which he has prepared. Many of the inventions which he has patented have been of great importance to the inventors, and some of them have realized handsome fortunes.

Inventors should not be deterred from making application for Patents on account of the expense, as the government fees are moderate, and the undersigned will make his charges as low as the nature of the case will admit of. Those who have made inventions, and have been unsuccessful in obtaining their patents, are invited to call at this office, examine the records of patents granted, and ascertain the cause of their failure.

The undersigned has in his office a large collection of the best mechanical works, both American and foreign, and has files of the Patent Laws, and principal Patents granted in this country and Europe, collected at much expense and labor, the long time this office has been established, and the accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents, advice and information which could not be readily obtained elsewhere, and which in many cases would be difficult of attainment.

The Home of Peace.

BY ELIZA COOK.

We are apt to grow a weary
In this troubled world of ours,
For even golden bells can ring
In melancholy chimes;
And let our human life be what or where it may,
Dark shadows often rest upon
Our hearts would turn away.
For I often do we sigh to see
Some spirit draught of joy,
And almost envy childhood's laugh
Above its painted toy,
When some great hope breaks and ruins
Of loved ones prove unjust,
And, rouse from starry dreams we find
Our pillow in the dust.
Say, whither shall we turn to seek
The healing balm of rest,
And where we shall come the cheerful ray,
To re illume our breast?

Oh! let us go and breathe our woe
In Nature's kindly ear,
For her soft hand will never deny
To wipe the mourner's tear.
She mocks not, though we tell our grief
With voice all sad and faint,
And sighs the loudest while we pour
Our weary and lonely plaint.
Oh! let us take our sorrows
To the bosom of the Lily,

President's Message.

Fellow-citizens of the Senate and of the House of Representatives

The brief space which has elapsed since the close of your last session has been marked by no extraordinary political event. The quadrennial election of Chief Magistrate has passed off with less than the usual excitement. However individuals and parties may have been disappointed in the result, it has been submitted to as the will of the majority legally expressed. It has been effected in the presence of the assembled people, unbalanced by undue influences which in other countries have too often affected the purity of popular elections.

For grateful thanks are due to an All merciful Providence, not only for staying the pestilence which in different parts of our country has for several years been sweeping off the inhabitants of the land, but for crowning the labors of the husbandman with an abundant harvest, and the nation generally with the blessings of peace and prosperity.

Within a few weeks the public mind has been deeply affected by the death of Daniel Webster, filling at this place the office of Secretary of State. His associates in the Executive government have sincerely sympathized with his family and the public generally in this afflictive bereavement. His illness during a part of the previous session of Congress, and his consequent inability to perform his professional and official services in the most important public trusts, have caused his death to be lamented throughout the country and have caused for him a lasting place in our history.

In the course of the last autumn considerable anxiety was occasioned for a short time by an official intimation from the Government of Great Britain that orders had been given for the protection of the fisheries upon the coasts of the British Provinces in North America against the alleged encroachments of the fishing vessels of the United States and France. The readiness of this Government at the season of the year seemed to be manifested that a naval force had been ordered to the scene of the apprehended difficulty, to carry into effect the British interpretation of those provisions in the convention of 1818 in reference to the rights of fishing which the two governments differ. It was soon ascertained that such was not the object of the armament of which the two governments differ. It was soon ascertained that such was not the object of the armament of which the two governments differ. It was soon ascertained that such was not the object of the armament of

consider it a great distinction and privilege to have been chosen by the people to bear a part in the administration of such a Government.—Called by an unexpected dispensation to its highest trust at a season of embarrassment and alarm, I entered upon its arduous duties with extreme diffidence. I claim only to have discharged them to the best of my humble ability, with a single eye to the public good; and it is with devout gratitude, in retiring from office, that I leave the country in a state of peace and prosperity.

Purchasers of Furniture will find it for their advantage to call on H. S. Brown, No. 12 Central Street, just round the Corner of Dow's Block, and examine his new stock of Furniture, Feathers and Mattresses.

EVERY FAMILY should at once procure a bottle of a great Arabian remedy for man and beast, called H. G. FARRELL'S ARABIAN LINIMENT. It allays the most intense pains in a few minutes, restores the synovial fluid or joint water, and thus cures stiff joints, it penetrates the flesh to the bone, relaxes contracted cords, cures rheumatism and palsied limbs of twenty years standing, also tumors, swelled neck, enlargement of the glands, and is the best medicine for ailments of cattle ever discovered, curing sweeny, spavin, splint, and all diseases which require an external application.

Sun Pain of 10 years standing cured by H. G. Farrell's Arabian Liniment.

H. G. Farrell—Dear Sir: I had been afflicted with the "Sun Pain" for the last ten years, and could never get relief except by bleeding; but by the use of H. G. Farrell's Arabian Liniment, applied over the temples about three or four times a day, it was entirely removed, and I have felt nothing of it since. I went into the stable one night, to put it to a horse's sore leg, and being very lame he stumbled and fell against my legs, crushing and bruising them so badly that they turned black as my hat, rendering them powerless. I applied your Liniment, and was well enough in a few days to go about again as usual. I also crushed my finger in a shocking manner, by letting a back log fall upon it, your Liniment soon healed it up, though.

JOHN B. M'GEE.

La Salle precinct, Peoria co, Ill., Feb. 6, 1849

[*Esq. Barker, of New Canton, Ill., says*]

"Mr. H. G. Farrell's Arabian Liniment has cured some cases here, which every other remedy had failed in; one was a white swelling and contracted cords in the leg of a boy twelve years old. The leg had withered away, and was so contracted that he had no use of it. Three doctors had tried their skill upon it in vain, and *he was fast sinking to the grave*, when the boy's father was induced to try H. G. Farrell's Arabian Liniment. Before the first bottle was used up he came to Mr. B's store, and the first words he said were, "Mr. Barker, I want all that Liniment you have in the store; the one bottle I got did my boy more good than all that had ever been done before." That boy is now well and hearty, and has free use of his leg." It is good for sprains, bruises, cuts, burns, and swellings.

LOOK OUT FOR COUNTERFEITS.

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrappers, all others are counterfeits.

Sold by INGRAHAM & FULLER, wholesale and retail, Bangor. Also by E. F. Kinsell, Oldtown. French & Hamilton, Dexter. Geo. Parcher, Ellsworth. P. O. Flaherty, Houlton. And by regularly authorized agents throughout the United States.

☞ Price 25 and 50 cents, and $1 per bottle.

AGENTS WANTED in every town, village and hamlet in the United States, in which one is not already established. Address H. G. Farrell, as above, accompanied with good reference as to character, responsibility, &c.

DR. JOHNSON'S

AMERICAN ANODYNE LINIMENT.

For Internal and External Use

THIS wonderful Medicine, notwithstanding it has never had the advantage of newspaper notoriety, has yet acquired a higher and more extended popularity than any other similar compound in the world It is entirely of vegetable extract, perfectly safe to be administered even to the most delicate child, and all its astonishing and satisfactory in its effects upon man or beast To those unacquainted with this invaluable medicine we say, give it a fair trial, and we promise you a radical cure of Coughs Colds, Asthma, Bronchitis Whooping Cough, Influenza, Spitting of Blood and all Lung Complaints; Chronic Diarrhea, and Dysentery in all of which cases it should be used internally The effects of its external application in cases of Rheumatism, Spinal Diseases Sprains Chapped Hands, Bruises Burns, and all descriptions of wounds are magical Persons troubled with Cramp in the Stomach Side or Bowels, Sore Throat Piles, &c ,by a combined internal and external application of this Anodyne, cannot fail of certain and speedy cure. The proprietor can produce volumes of testimonials in its favor, but prefers to let it carry its own recommendations as it has done for forty years past We ask no man to accept it after an unsatisfactory trial In its composition it unites several of the most penetrating and healing specifics known to the materia medica—The inventor of this article was in the constant and successful practice of medicine for more than twenty years

This is to certify that having been troubled for a number of years with a distressing cough, and bleeding at the lungs, and receiving no benefit from medical aid in 1848 I was to all appearance in the last stage of consumption [illegible] swelled so that I was unable to stand or help myself At that time your Liniment was providentially recommended to me, and by the use of three or four bottles I was entirely cured, and have since been able to labor every day. I have also for the last twelve years been subject to severe attacks of bloody dysentery, and never found any permanent relief until I took your Liniment, since which I have had no return of this complaint I can truly say I think your Anodyne Liniment was the means of saving my life JOHN T ATKINS

[illegible], Sept, 29, 1852.

Dr. Johnson Dear Sir—In consequence of having a [illegible] on my leg, it became entirely stiff at the knee, and I was decided by the best surgeons that my leg must be amputated—but fortunately I heard of your Anodyne Liniment, and by using three bottles, my leg was limbered and strengthened and for a number of years I have been able to use it about as well as the other I consider myself indebted to the use of your Liniment through the blessing of Providence, for the use of my leg, and I would say to others who may need help in this way, try it, and no doubt you will be cured

Boston, January 7, 18[illegible]

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skillful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr J. F Foster, to supply the deficiency occasioned by the death of Mr. Beath After some months of observation of his work, I am well satisfied that Mr. Foster is well acquainted with the manufacture of these instruments and ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to those important articles

DR. MORSE'S INVIGORATING CORDIAL!

FOR GENITAL DEBILITY, IMPOTENCY, INCONTINENCE, OR NOCTURNAL EMISSIONS, &c. The astonishing success which has attended this invaluable medicine, for Loss of Muscular Energy, Physical Lassitude, and General Prostration, or any of the consequences of youthful indiscretion, or maturity, at the passion intrigue years, render it the most valuable preparation ever discovered. In fact a remedy for the above complaints is natural, needed and alone. There is no other reliable remedy that has authentically received the sanction of the Medical Faculty The WONDERFUL VITAL AND PRODUCTION of which this medicine is compounded has been tested, and its virtues proclaimed by the highest names of the faculty of London Paris and the chief cities of Europe, as well as by eminent Physicians in this country It is the only infallible remedy for NERVOUS, HEAD and MIND COMPLAINTS—the mental physician long sought for and never before found, the only agent that can administer to MIND DISEASES It will remove all nervous affections, DEPRESSION, EXCITEMENT, incapacity to study or business, loss of MEMORY, CONFUSION, thoughts of Self Destruction, fears of insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excesses, or evil practices It has been said by some that these disorders ... were incurable. This however is not the case.

DR. MORSE'S INVIGORATING CORDIAL is daily and is constantly curing these complaints ... the mental and bodily incapacity of the sufferer, as the following testimony ... [illegible]

In the meantime he purchased ... your Cordial, which has effected a cure ... other medicine would ... shall ever ... whenever an opportunity occurs"

The nature of the maladies relieved by this Cordial are generally such as to leave the public ... cates of course out of the question, ... could produce a host of the most conclusive ... to show that the great reputation it enjoys was ... evidently obtained. HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION

Copy of a Letter from Mr R. W. Kirkus, Chemist, 7, Prescot Street, Liverpool, dated 6th June, 1851.

To Professor Holloway,

SIR,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years A customer, to whom I can refer for any enquiries desires me to let you know the particulars of her case She had been troubled for years with a disordered liver and bad digestion On the last occasion however the virulence of the attack was so alarming and the inflammation set in so severely that doubts were entertained of her not being able to bear up under it, for tunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose she had great relief She continued to take them and although she used only three boxes, she is now in the enjoyment of perfect health I could have sent you many more cases but the above from the severity of the attack and the speedy cure I think speaks much in favor of your astonishing Pills

THE GREAT REMEDY FOR

Coughs, Colds and Consumptions.

The VEGETABLE PULMONARY BALSAM is probably without a parallel in having, during a period of more than Twenty-five years maintained the high reputation which it has acquired for CONSUMPTIVE COMPLAINTS and all DISEASES of the LUNGS, THROAT and CHEST It has been used with probably greater success than any other article known and Physicians who have had an opportunity of witnessing its highly salutary effects, recommend it as a safe and very efficient medicine equal if not superior to any other prescription for the above complaints within their knowledge The basis of this Medicine was a private recipe of a distinguished Physician in one of the neighboring States, which was preserved by an individual to whom it gave the most astonishing relief It is composed of vegetables and if used according to directions must be perfectly safe

From Messrs. Allen & Co , Merchants, Cincinnati—"Those persons who have used the Vegetable Pulmonary Balsam, uniformly speak of it as a valuable medicine and from the quantity sold, notwithstanding the numerous other preparations used for similar complaints, we consider it first on the list.

Respectfully, &c, ALLEN & CO"

The Editor of the Seneca Falls Courier says —"We have had occasion to witness the good effect of the Vegetable Pulmonary Balsam in our family, in case of a young lady who has been entirely cured of Consumption by the use of it, and also in severe coughs and colds, and cheerfully bear testimony to its being a safe convenient and very efficacious medicine in cases of that description "—Ed Courier.

A Clergyman from Philadelphia writes, that he has been in the habit of using the Vegetable Pulmonary Balsam for himself and family, for the last thirteen years, and also of recommending it to his friends, and considers it an invaluable remedy for all pulmonary complaints

"For the last five years of my practice I have had the satisfaction to witness the beneficial effects of Vegetable Pulmonary Balsam in many cases of obstinate coughs and other affections of the lungs I would therefore confidently recommend its use in all complaints of the chest, as being equal if not superior, to any other medicine within my knowledge

Their WHITE ZINC PAINT, equal weight covers, according to surface from 40 to 100 per cent more surface than any other paint, retains its whiteness, brilliancy and protective qualities for years, is free from the poisons so dangerous in other pigments, to painters, and tenants of newly painted rooms, and resists the sulphurous coal gases and foul air of ships, and as outside or inside paint does not tarnish or become yellow Ground in varnish it forms a beautiful porcelain finish The French Government has adopted Zinc Paint for all uses.

The BROWN AND BLACK ZINC PAINTS form directly a solid metalic coating on wood, brick, iron &c, admirable for fire proof qualities. They are unrivalled for rail cars, depots, Engines, &c. For marine uses they resist the corroding of salt water and weather, so fatal to other paints

The Zinc and Fire Proof Paints are sold at wholesale and retail at the manufacturer's prices, by GEO. W. EMERSON, Druggist, Agent for Bangor, 4 Smith's Block.
